**Online English speaking course for rural areas students**  
( In collaboration with **Z. P. Primary School, Eknathwadi.**)

Duration of Course – Jan 24 to April 24

Beneficiary No – 18 students

English has made little impact on development of the rural areas in comparison to cities in India. English isn't used much in the rural areas as in cities. But in present times, English is gaining momentum in Indian villages due to television and increasing use of internet. It is quite interesting to note that English is gradually being used in villages through code mixing for communication. Yet, there are differences in English language proficiency among students from rural areas. T Y BSc students succeeded to conduct English Speaking course for rural students. They focused on the prospects and problems in English language teaching both in English and Regional Education Systems specific to rural areas and include some suggestions.

Schools themselves encourage students to study English grammar or spoken English. Additionally, spoken English might be seen as a sort of inter language intermediary. It may facilitate communication with individuals from all around the world about a variety of topics, including politics, science, media, art, and much more.

**Why a spoken English course is crucial for rural students:**

- Spoken English course help a student to develop better abilities for effectively communication, built up own confidence of students.
- Students who speak English can improve their communication skills and have easier access to resources for learning and researching in English.

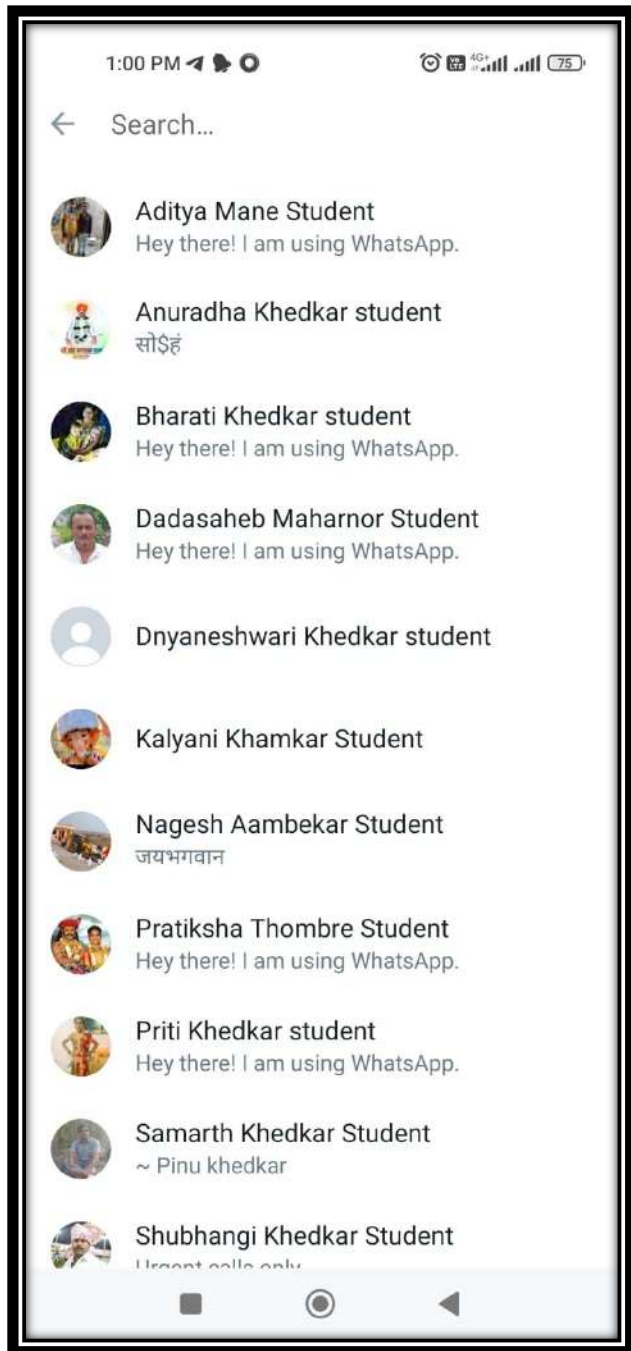

- The majority of websites on the internet are in English, which is also the language of the internet. Being able to speak English fluently might make it much easier for others to comprehend what is posted online.
- You may learn new vocabulary through spoken English course in addition to other idioms and common phrases.
- Speaking English Course will teach you how to pronounce English sounds correctly.
- To help you explore the depths of the language, spoken English may also teach you the linked speech system in addition to natural intonation and rhythm.
- English Speaking Course plays an important role in developing a student or a person's personality.

Our student's from T Y B Sc class started their online lectures from 13<sup>th</sup> January 2024 to till 15<sup>th</sup> April 2024. Experience of our students with these students was very enthusiastic. All the students day by day improve their vocabulary and also the confidence level. All the students are very interested in English speaking course. This was a mesmerizing experience for our student.

The feeling that we can do something for the society was awakened in our students. The confidence level of our students has also increased due to this activity. To successfully complete this activity, the Principal of our college Dr. Sheshrao Pawar gave us a lot of encouragement. Respected teachers of Eknathwadi school Shri Sandeep Rathod Sir, Shri Ganesh Kamble Sir trusted our students and allowed us to take this course. ## International Women's Day Celebration at Shree Anand College

यत्र नार्यस्तु पूज्यन्ते रमन्ते तत्र देवताः ।

\*यत्र एताः तु न पूज्यन्ते सर्वाः तत्र अफलाः क्रियाः ॥

**Means.....**

Where women are worshiped i.e. respected, the deities live happily. On the other hand, where women are not respected, all work becomes futile, asserted Dr. Bathuvel Pagare.

International Women's Day was celebrated at Shree Anand College Pathardi. Dr. Pagare Sir, the President of the program, in his presidential address highlighted on "Role of Women in Society". Even yesterday the woman was struggling, today she seems to be struggling. But the nature of this conflict has changed. Today she struggles to get an education, get a job and survive in today's competitive age. Today's woman seems to be working in various fields. It will not be a lie to say that the sky is the limit. Right from the kitchen to space, all fields are open to her and she is successfully foraying into these fields. From Kalpana Chawla Sunita Williams to President Draupadi Murmu, many examples can be given. On this occasion, he hoped that all the students of his college should brighten their career by taking inspiration from his work.

Introduction of this program Dr. Jayashree Khedkar explained to the students the background of why March 8 is celebrated as International Women's Day all over the world. Human progress is incomplete without the empowerment of women. Today, International Women's Day is being celebrated

across the world, across India. Such events highlight the need for women empowerment. But its importance cannot be limited to the symbolism of a single day. There is an urgent need to change the mindset of the society for women empowerment. It is unfortunate that even after the elixir of independence we are still talking about ending the heinous practice of gender discrimination and female foeticide.

Renowned Gynecologist Dr. Nilesh Mhaske, Mother Hospital, Tisgaon and Dr. Manjusha Nagre, Nagre Hospital Pathology, was present as an expert guide. Guest Introduction Prof. Ashwini Thorat. Dr. Nilesh guided on women's health. It is necessary to take proper care at a young age. Nowadays changing diet, lifestyle is affecting motherhood. Uterine cancer is increasing at a high rate, which is a matter of concern. A vaccine is available in modern medical science. Dr. Nilesh is making a valuable contribution to create public awareness about it. Satisfactory answers to the questions asked by the students.

Dr. Manjusha gave detailed information about how to take care of your skin and hair. Due to proper diet and exercise, the balance of internal and external beauty of the body is well maintained. Also, without falling prey to fraudulent advertisements, use appropriate cosmetics as per the advice of expert doctors.

This valuable advice Dr. Manjusha gave to the students. Every year Women's Day is celebrated with a theme. The theme for this year is "Invest in Women, Accelerate Progress".

This was highlighted by Prof. Anita Pawse also gave information about various activities being conducted for the students in the college.

This program is coordinated by Ms. Supriya Gite did the vote of thanks Prof. Done by Manisha Sanap. This program was organized by Dr. Muktar Sheikh, Prof. Ashwini Thorat, Dr. Ajinkya Bhorde, Prof. Suryakant Kalokhe, and Prof. Abhijit Joshi. Principal Dr. Sheshrao Pawar gave valuable guidance to organize this program.
