**Institutional Development Plan Deployment Report for Academic Year 2023 - 2024**

Shri Anand College, Pathardi, prepared and implemented an Institutional Development Plan (IDP) for the academic year 2023-2024 to ensure the holistic growth and development of the institution. The following document highlights two key activities executed during the year that align with the objectives outlined in the IDP, demonstrating effective deployment of the plan.

**Activity 1: Programs on Intellectual Property Rights (IPR)**

**Objective:** To enhance awareness and understanding of Intellectual Property Rights among faculty members and students, fostering an innovative and research-oriented culture.

**Implementation Details:**

One day seminar on Emerging Trends in IPR by Adv. Prajwal Narwade:

A one-day seminar on Emerging Trends in IPR were conducted in the academic year. This program included expert talks by legal professionals, patent officers, and academicians specializing in IPR.

Specific focus areas included patent filing procedures, copyright laws, and the importance of trademarks in entrepreneurship.

**Outcomes:**

Over 80 participants, including students and faculty members, benefited from these programs.

Several faculty members were encouraged to initiate patent filing processes for their research outputs. Students gained insights into the role of IPR in start-ups and innovation.

**Alignment with IDP:**

The IPR programs directly addressed the IDP's strategic goal of fostering a research-driven academic environment and enhancing institutional visibility in innovation and intellectual pursuits.

## **Activity 2: Academic and Administrative Audits (AAA).**

**Objective:** To assess and improve the quality of academic and administrative processes through systematic evaluation by an external peer team.

### **Implementation Details:**

The Academic and Administrative Audit (AAA) was planned in alignment with NAAC requirements and institutional strategic goals.

External peer team experts were invited to review the academic and administrative systems, including curriculum delivery, research activities, governance mechanisms, and resource management.

### **Audit Findings and Recommendations:**

The audit identified strengths in areas such as faculty performance, infrastructure utilization, and innovative teaching practices.

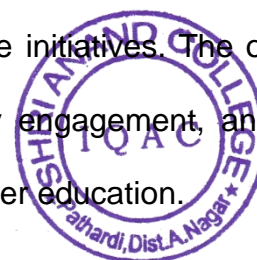

Recommendations were provided to improve digital resource integration, research output, and administrative efficiency.

### **Alignment with IDP:**

The AAA activity fulfilled the IDP's objective of maintaining high-quality standards in academic and administrative practices through regular assessments and improvements.

### **Conclusion:**

The deployment of the strategic plan for 2023-2024 was highly successful, with all planned activities executed effectively. The IQAC played a crucial role in ensuring the seamless implementation of academic, environmental, cultural, and governance initiatives. The outcomes align with the institutional mission of holistic education, community engagement, and quality enhancement, positioning Shri Anand College as a leader in rural higher education.

## Some Glimpses of the Program

### Activity 1: Programs on Intellectual Property Rights (IPR)

## 'बौद्धिक मालमत्ता हक्क' विषयावर एक दिवसीय चर्चासत्र

**जल.भूमी**

**तालुका प्रतिनिधी**

**- राजेंद्र चव्हाण**
